

EXAM RESULTS : 2016

This year, once again, we have seen EGA girls achieve outstanding results at GCSE. The results of the 2016 cohort show we continue to provide the highest quality of education for our students.

In the new external measures we have:

Attainment 8 = 5.4

Progress 8 = + 0.6

Which means students achieve more highly than their achievement at primary would predict.

- ❖ 87 girls (66%) achieved 5 or more A*-C grades including English and Maths
- ❖ 40% achieved the English Baccalaureate
- ❖ 37 girls achieved 3 or more A/A* grades

At EGA we follow a rigorous academic curriculum and these results are the qualifications required to study "A" levels and at university.

No girls left EGA without qualifications.
