

KS3 Home Learning: Art and Design

Art and Textiles

All Art and Textiles home learning will be delivered through SMH (Show My Homework). There will be a weekly piece of home learning set which should take at least 3.5 hours to cover all your usual Art or Textiles lessons. This will require you producing work to a high standard with writing and drawings.

All these pieces of work are important as they support your learning about the history of art and will also develop your drawing skills. To get feedback on your work please email the teacher who set it with a photograph of the work.

There will be an information and research part to the learning for a test, as well as producing an informative poster with drawings of artifacts.
